Nord Express (Nord Express), dir. Kārlis Lesiņš, 70', Latvia, to be released in 2022

The construction of the Rail Baltica railway and the Talsinki Tunnel in the Baltic region would finally unite the European Union into a single transport network. An investigation by two journalists, however, reveals how fragile and conflict-ridden this project is. Could it instead become the biggest failure in the history of the EU?

To be released 2022
